Advantages

- Reliable supply services through multiple production sites in Europe
- International business at your local language thanks to Tarkett offices all over the world
- New vinyl range setting new standards in terms of weight and comfort.
- Wide range of available designs meeting your customer's inspiration
- Roll dimension adjustable to your needs
- Additional services for easy & fast installation

Our commitment

- Flexible production with high volume capacity and stock availability
- Fast delivery services from different European production sites
- Biggest collection of designs.
- Long time validity of collections per your needs.

Dedicated solutions for every use

Safety solutions

Comfort solutions

Dedicated **Safety Solutions**

Transport Safetred

Designed to perform under tough conditions of high traffic areas, this safety flooring collection provides a durable solution that combines contemporary design with enhanced slip resistance.

Universal Bus

Spectrum Bus

Wood Bus

Why Choose Transport Safetred?

EXTREMELY DURABLE

Superior resistance to abrasion

This high quality resilient flooring sets new market standards in terms of surface volume loss.

ENHANCED SLIP RESISTANCE

R10 slip resistance

Our products are especially engineered to provide sustainable slip resistance throughout product life.

VARIETY OF DESIGN

Large selection of designs

We are able to match your requirements with our wide selection of designs and colours. For further design requirements we have a dedicated team of experts available to meet your specific needs.

CUSTOMISATION

Customized delivery

We can easily adapt to your internal processes by offering a choice in roll dimensions, pre-cut services or supporting with our floor plan layout service.

Accessories & Services

Safety flooring

To ensure safe transport for your passengers, we can provide special sparkling yellow flooring to highlight risk areas such as entrances, as well as indicating steps.

26530 320

Design and roll customisation

Next to our large selection of available designs we have a dedicated team of lab experts that can be utilized to meet any special designs need or requirement.

To align with your internal processes we can deliver rolls in the dimensions you require. With roll widths below 2m and up to 4m available at the requested length.

Self-adhesive backing

Increase your speed of installation with the pre-applied self-adhesive backing.

Accessories & Services

Floorcrafting & Logos

We offer a dedicated Floorcraft service helping you to designate certain special needs areas, highlight visual inlays, colourways, or zoning.

Looking for a specific or branded flooring solution? Unleash your creativity and create an unique floor design. With our printing techniques we can personalize your flooring.

Pre-cut

With our pre-cut services we cut the material to exact dimensions you require, allowing for quick and easy installation whilst reducing scrap material and waste.

Can be perfectly combined with our self adhesive backing for even faster installation.

Pre-welding

Receive materials pre-welded and benefit from fast and easy installation, reducing time and costs.

Accessories & Services

Self adhesive tactile strips

Designed for visually impaired people. The strip should be contrast in colour with the surrounding floor covering to ensure clear visibility.

Available in a variety of dimensions. Please ask your sales contact for more detailed information.

Easy Kit 3D Studs

Ready for use self-adhesive warning studs kits for heavy traffic. Kit of 33 studs already pre-mounted in template, allowing the simultaneous installation of 33 studs. Easy, effective and reliable installation.

Available in a variety of dimensions. Please ask your sales contact for more detailed information.

Self adhesive warning tiles

Helps recognize a change in level, in accordance with regulatory requirements for disabled access and safety. Various formats available. Self-adhesive or to be glued to the floorcovering (according to product).

These reference codes are for the rectangular tiles. Also available in square tiles. Please ask your sales contact for more detailed information.
